

Wednesday 21 August

Breakout Sessions

| Breakout Session Time | Topic Area | Time | Presentation Title | MHSRS Number | Presenter | AMA | ANCC | APA |
|---------------------------------|--|--------------|--|----------------|---|-------|------|-----|
| Two-Hour Session 0800 - 1000 | Scientific Plenary Session A (Sun C123) | 0800 - 0817 | Mental And Behavioral Health Among Women Injured on Deployment | MHSRS-19-00268 | Jessica Watrous, Ph.D. Naval Health Research Center, San Diego, CA Leidos, San Diego, CA | NO CE | | |
| | | 0817 - 0834 | Pre-clinical And Clinical Performance Of An Ultrathin Bioresorbable Antimicrobial Microfilm Matrix | MHSRS-19-02241 | Michael Schurr, M.D. Mountain Area Health Education Center Asheville, NC | | | |
| | | 0834 - 0851 | Veno-venous ECLS Improves Survival in Trauma But Begets More Fluid Administration | MHSRS-19-00013 | Andriy Batchinsky, M.D. The Geneva Foundation Tacoma, WA | | | |
| | | 0851 - 0908 | Clinical Development Of Centhaquine, A Novel Resuscitative Agent, For Hemorrhagic Shock | MHSRS-19-00339 | Anil Gulati, M.D., Ph.D. Pharmazz, Inc., Willowbrook, IL Midwestern University, Downers Grove, IL | | | |
| | | 0908 - 0925 | Emergency Release Blood Transfusion For Injury Resuscitation: Timing, Triggers, And Outcomes Inform Implementation Of A Pre-hospital Whole Blood Transfusion Program | MHSRS-19-00880 | Caroline Zhu, B.S. University of Texas Health Science Center at San Antonio, San Antonio, TX | | | |
| | | 0925 - 0942 | Pooled Safety Analysis Of Patients Who Were Exposed to < 300 mcg vs. ≥300 mcg Of Sublingual Sufentanil In A 24 Hour Period for Treatment Of Acute Pain | MHSRS-19-02125 | Pamela Palmer, M.D., Ph.D. AcelRx Pharmaceuticals Redwood City, CA | | | |
| | | 0942 - 1000 | The Gut Microbiome Is Predictive Of Clinical Outcomes Following Traumatic Injury | MHSRS-19-00792 | Susannah Nicholson, M.D., M.S. University of Texas Health San Antonio San Antonio, TX | | | |
| Two-Hour Session 0800 - 1000 | Scientific Plenary Session B (Sun D456) | 0800 - 0817 | Health Outcomes Of Active Duty Personnel Parenting Children With Special Needs: An Epidemiological Study | MHSRS-19-00982 | CDR Abigail Yablonsky, USN Naval Health Research Center San Diego, CA | NO CE | | |
| | | 0817 - 0834 | Cardiothoracic Surgical Volume Within Military Treatment Facilities - Is Volume Sufficient For Readiness? | MHSRS-19-00245 | CAPT Robert Ricca, USN Walter Reed National Military Medical Center Bethesda, MD | | | |
| | | 0834 - 0851 | Assessing The Relationship Between Symptom Severity And Gait Performance In A Symptomatic, Chronic mTBI Population Before And After Vestibular Rehabilitation | MHSRS-19-01772 | Douglas Martini, Ph.D. Oregon Health & Science University, Portland, OR VA Portland Health Care System, Portland, OR | | | |
| | | 0851 - 0908 | Safety And Clinical Outcomes Following SB623 Stem Cell Implantation in Chronic Traumatic Brain Injury Patients: Interim Analysis Of The Phase 2 STEMTRA Trial | MHSRS-19-00940 | David Okonkwo, M.D., Ph.D. University Of Pittsburgh Medical Center Pittsburgh, PA | | | |
| | | 0908 - 0925 | Exosomal MicroRNAs For Diagnosis And Monitoring Of Mild Traumatic Brain Injury: Preliminary Results From A Chronic Effects Of Neurotrauma Consortium Biomarker Discovery Project | MHSRS-19-01203 | Kimbra Kenney, M.D. Uniformed Services University of the Health Sciences Bethesda, MD | | | |
| | | 0925 - 0942 | Changes In Preseason Head Impact Exposure For Football Athletes At The Military Service Academies Following 2017 And 2018 NCAA Rule Changes: A Study From The NCAA-DoD Grand Alliance And The Concussion Assessment, Research And Education Consortium | MHSRS-19-01708 | Brian Stemper, Ph.D. Medical College of Wisconsin Marquette University Milwaukee, WI | | | |
| | | 0942 - 10000 | Reliability And Factors Associated With False Positives On The Vestibular/ocular Motor Screening Tool In U.S. Army Special Operations Personnel | MHSRS-19-01460 | Anthony Kontos, Ph.D. University of Pittsburgh Pittsburgh, PA | | | |
